

Distinguished Members of the Corps Award Recipients

Members are expected to continue service to the Regiment by acting as volunteers in conducting the business of the regiment, by representing the Chief of Chemical at ceremonies and by speaking engagements and other duties as appropriate.

To be eligible, an individual must have been retired from active federal service (military or civilian) for at least two years, must have devoted a significant portion of his/her career to the Chemical Corps mission, and must indicate a willingness to continue to serve.

In addition, the individual must have made a significant contribution to the Chemical Corps.
